**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

For a healthy economy, I believe we need a system that encourages competition. The American telecommunication industry is already overpowered by a select few companies, and eliminating broadband competition will further give powers to the few, which might endanger the progress of the telecommunication industry. Please reconsider given the impact of telecommunication in the daily lives of American people.

Best regards
